

The photographs in this exhibit are presented by New Blankets

New Blankets is a public benefit non-profit corporation, dedicated to bringing the co-operative experience of arts and creativity to people of all ages, people from all cultural backgrounds and in all walks of life.

The images on display have been provided to New Blankets by a lifelong colleague and benefactor who shares our vision and purpose, and who has provided essential support to New Blankets since our group's earliest beginnings. Our friend has taken these photographs over many decades of his life, as integral to his own appreciation of myriad forms of beauty in the natural world.

New Blankets is deeply appreciative of our benefactor's gift and the opportunity to share this “garden of images” with you. We invite you find your own paths through the garden and to share the paths and insights you discover as much as you wish. Celebrate with us our human harmony with the natural world which these photographs so wonderfully convey.
