RASPBERRY PI MAKER WORKSHOP

MARCH 4, 5-9 PM

The Raspberry Pi MAKER Workshop is led by Joe Deken of New Blankets, Inc., a non-profit organization. The Raspberry Pi is a credit-card sized computer that plugs into a TV or a keyboard. It's a capable little PC that can be used for many of the things that a desktop PC does, like spreadsheets, word-processing, and games. It also plays high-definition video. This workshop will instruct participants how to install software on the Raspberry Pi. Participants will leave with a working prototype.

LOCATION:

ICAT STUDIOne, 460 Turner Street,
Collegiate Square

SPONSORS:

ICAT, IMPACT Studio, L2Ork, DISIS

COSTS:

\$65 Raspberry Pi + power supply +
